

AMENDMENTS TO THE ABSTRACT OF THE DISCLOSURE

Please amend the Abstract of the Disclosure as follows:

~~The invention relates to a~~ A ready-made food package, ~~to a method for manufacturing it and to the use of polymer-coated board in the ready-made food package. The package is manufactured by placing the~~ and method of manufacture wherein food ~~[(16)]~~ is placed in a raw state in a tray ~~the tray (2)~~ where ~~the food-~~ it is baked, and ~~by closing-~~ after baking the tray is closed with a lid. ~~(4) after baking. In accordance with the invention, the lid (4)~~ The lid is formed from a ~~blank cut from~~ polymer-coated board, ~~the blank being~~ and placed over the mouth of the tray ~~[(2),]~~ and ~~[(then)]~~ the edges ~~[(9)]~~ of the ~~blank~~ lid are bent under ~~[(the)]~~ a rim flange ~~(6) of on~~ the tray and heat-sealed to the lower surface ~~[(11)]~~ of the rim flange by means of ~~[(the)]~~ a polymer coating ~~(14) of on~~ the board. The lid can be additionally heat-sealed to the upper surface ~~[(10)]~~ of the rim flange, ~~so that whereby~~ two sealing lines ~~(15) will be~~ are formed ~~inside each other in the package. Accordingly, the tray (2) can be formed of polymer-coated board or optionally of polymer or aluminium alone.~~
